Going to go back and forth between the two options. We are going to offer multiple options for Chick-fil-a and at Jersey's Mike

Thanks for being here and doing everything

We can add images to score board (sponsors, highlight athletes)

Would like to discuss feeding officials (about 5 to 6 officials a meet)

-We will have an additional \$500 from harvest festival-

Wants to make sure we are running efficient while being sought out meet

Order 6 chick fila boxes or 6 jersey mikes

Dawn hall makes a motion to feed officials, Robin Weier seconds. All in favor? All said Aye. Any opposed? None. Motion approved

Research different luma lanes option

Dive wish list: replay died so we need something new for that, currently using video delay, school supplied an ipad and tripod; trying to get a different video options, Jau is still doing research on that. We need more than just a 30 seconds video delay. The fire marshall will not allow a trampoline because of the small path ways, and blocking the doors.

Jau is looking at other options to use to help with entries. Would like whatever the big updates are to be done closer to end of the season.

Dive Updates:

Has officials, no other updates
